PRESTON TOWN TAX OF 18 MILLS

Voted in Annual Town Meeting—Is Same Rate as Last Year

Care of Highways is Left to Selectmen—Annual Reports of All Town Officers Accepted—Meeting Was Slimly Attended.

In the Preston town hall on Monday afternoon the annual meeting of the town was held with an attendance of about 20. Everett P. Barnes was moderator and George V. Shedd was clerk.

The annual reports of the selectmen, treasurer, school committee, tax collector, and health officer for the year ending Aug. 31, 1914, were first presented in printed form and were all accepted.

Matters in the call for the meeting were next taken up in order and it was voted to put the care of the highways in the hands of the selectmen, the same as had been done in the preceding year.

The matter of abatement of taxes on the 1914 list, it was voted to defer this to the next annual town meeting of the town.

Laid 18 Mill Tax.

A tax of 18 mills, which was the same as last year, was laid and the compensation of the town officers was made the same as last year.

The selectmen were authorized to borrow such a sum of money as they needed to conduct the business of the town.

One school matter was brought up regarding the schooling of the children in districts Nos. 4, 6, and 12 in which there are frequently children from the town of Ledyard attending school, while at the same time there are Preston children who go to some of the Ledyard schools.

The schools affected are at Poquetanuck, Brewster Neck and Preston Plains. Some time ago the town of Ledyard appointed one of its citizens to confer with Preston on this subject and it was understood that the proposition would probably be made that the two towns allow the children to attend the convenient school, with either town making a charge against the other.

The town meeting left the whole matter to the town school committee, and after this business had been transacted the meeting adjourned.

Selectmen's Report.

In the selectmen's report it was shown that their total expenditures for 1914 were \$3,281.32 had included \$3,433.69 on highway and bridge account, \$775.08 on poor and insane account, \$192.88 on salaries and expenses of town officers, and \$2,228.05 on miscellaneous account.

In the highway and bridge account the largest item was the sum of \$1,167.32 to the state of Connecticut on Tryon road account; \$284.85 was paid to the town of Ledyard for repairs to Poquetanuck drawbridge.

The selectmen, Walter McMillon, R. A. Peckham and William A. Service, also reported that they had abated \$140.13 and that the bonded debt of the town was \$45,000, at 4 per cent.

Tax Collector. B. F. Bentley, tax collector, made the following report: Collected on list of 1912 after Sept. 1, 1913, \$658.97; amount of tax on list of 1913, \$647.58; abatements, \$134.77; amount to be collected, \$10,395.55; amount collected and paid to town treasurer, \$9,719.35; interest collected, \$25.15; amount due, \$675.35. There were on the delinquent tax list, of which the largest amount, \$270, was represented by the Norwich Compressed Air Power company.

Town Treasurer.

Town Treasurer George J. Shedd made a detailed report which was summarized as follows: 1913, Sept. 1, cash on hand, \$4,689.92; 1914, Sept. 1, cash received, \$25,517.11; total, \$30,207.03; 1914, Sept. 1, to payments, \$28,724.40; Sept. 1, balance cash on hand, \$4,482.63; total, \$34,689.66; town deposit in Thames Loan and Trust company, \$3,144.75.

Town notes of \$5,000 transferred from Thames Loan and Trust company to Thames National Bank. June 29, 1914, a note for \$2,000 was given to the Thames bank, the money to be used for current expenses of the town.

The actual cash balance on hand Sept. 1, available for present use, is \$1,518.78.

Town School Committee.

The town school committee, Appleton Main chairman, Charles C. Zabriskie secretary, and Everett P. Barnes treasurer, reported expenditures in the districts as follows: No. 1, \$295.45; No. 4, Poquetanuck, \$1,276.37; No. 6, Haswell, \$271.65; No. 8, Brewster Neck, \$339.99; No. 7, Preston City, \$911.10; No. 10, Kimball, \$288.05; and miscellaneous account \$730.71.

The past year has brought about changes helpful to the efficiency of our schools, said the report by Charles C. Zabriskie, secretary.

Needed repairs have been made in some of our school buildings, maps placed where needed so that now all our schools are provided with a fair equipment.

The school building in the Fourth district has been completed to the satisfaction of the teachers employed there, as well as the people of our town.

Our corps of teachers have labored diligently and faithfully and in most instances progress and success have attended their efforts.

Though our schools are not under a state supervisor, they compare very favorably with those of other towns.

ROBBED OF POCKETBOOK

WHICH CONTAINED \$12.

Mrs. Emma J. Browning Was Boarding a Trolley Car at New London.

Mrs. Emma J. Browning of 134 Prospect street, Norwich, was robbed of her pocketbook, containing \$12 and cards, while she was attempting to board a trolley car at 8:45 Saturday afternoon. Mrs. Browning said that when she was stepping up to the car she felt someone touch her on the right shoulder. Her bag hung on her left wrist.

It was not until Mrs. Browning had seated herself in the car that she noticed that her bag was open and her pocketbook was gone. A young man and a young woman who sat across the aisle, were asked by Mrs. Browning if they had seen a pocketbook as they entered the car. The young man seemed over sensitive for he told Mrs. Browning if he had seen a pocketbook he should have certainly asked if it was hers.

Patrolman Sullivan heard Mrs. Browning's complaint and went with her to an ice cream parlor, where she had purchased cream and where she knew she had the pocketbook. The waitress remembered Mrs. Browning. She also remembered a young woman who sat at the table next to Mrs. Browning and who ordered ice cream soda when Mrs. Browning was eating. The waitress recalled that the woman at the table next to Mrs. Browning did not wait for her soda to be served but walked out soon after Mrs. Browning left.

The waitress could not tell the policeman what kind of a looking woman had ordered soda and had hurried out without waiting to drink. The girl did not remember even how the woman was dressed.—New London Day.

Thin Folks Who Would Be Fat

Increase in Weight Ten Pounds or More

A Physician's Advice

"It is certainly very easy to get thin and stay that way," declares every excessively thin man or woman. Such a result is not impossible, despite past failures. Thin people are victims of mal-nutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are when the powers of nutrition are normal. Instead of getting into the blood, all the fat and flesh producing elements stay in the intestines until they pass from the body as waste.

To correct this condition and to produce a healthy, normal amount of fat the nutritive processes must be artificially supplied with the power which nature has denied them. This can best be accomplished by eating a Sargol tablet with every meal. Sargol is a scientific combination of six of the best strength-giving fat-producing elements known to the medical profession. Taken with meals, it mixes with the food and turns the sugars and starches into rich, ripe nourishment for the tissues and blood and its rapid effect is remarkably reported gains of from ten to twenty-five pounds in a single month. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by the Lee & Cogswell Co. and other good druggists everywhere and every package contains a guarantee of weight increase or your money back.

Caution—While Sargol has produced remarkable results in the treatment of nervous indigestion and general stomach disorders, it should not be used by those who are not willing to increase their weight ten pounds or more.

While the warm dry winds are causing them to fall rapidly.
